BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

Dear Supervisors:

**REQUEST APPROVAL OF SECOND AMENDMENT TO PLANNING FUNDING AGREEMENT  
WITH NEXTEL OPERATIONS, INC. TO RE-BAND AND UPGRADE THE COUNTYWIDE  
INTEGRATED RADIO SYSTEM (CWIRS)  
(ALL DISTRICTS – 3 VOTES)**

**SUBJECT**

Approval of a second amendment to the Planning Funding Agreement with Nextel Operations, Inc., a wholly owned subsidiary of Sprint Nextel Corporation (Sprint Nextel), to accept additional funds to be paid to the County of Los Angeles (County) by Sprint Nextel in an aggregate amount of \$27,801.50 as a true-up for the planning phase of the County's project to re-band and upgrade CWIRS.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Approve and instruct the Chairman to sign the Second Amendment to the Planning Funding Agreement (Attachment I) with Sprint Nextel, which provides an additional \$27,801.50 for the planning phase of the County's project to replace and upgrade CWIRS as part of the Federal Communications Commission's (FCC) frequency re-banding mandate.
2. Authorize the Acting Director of Internal Services Department (ISD) to accept \$27,801.50 as true-up and close-out funding under the Planning Funding Agreement, including \$16,926.50 to be paid to ISD for in-house labor costs, and \$10,875 to be paid directly to outside counsel for legal services.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

### Background and Phases of the CWIRS project

CWIRS is a County radio system used for mobile communications by a number of departments, including Health Services, Public Works, Probation, Animal Care & Control and ISD. In addition to serving the day-to-day operations of its user departments, CWIRS is the County's primary disaster recovery mobile communications system in a major emergency.

About fifteen years ago, public agencies such as the County using the 800 MHz radio band frequency started to experience radio interference caused by adjacent frequency use by Nextel Communications, Inc. (now Sprint Nextel). To eliminate this interference and allocate frequencies for more efficient use, the FCC issued orders in 2004 requiring all 800 MHz licensees, including the County, to move to new frequencies. The FCC also ordered Sprint Nextel to provide funding to all licensees for such reconfiguration.

Under the FCC order, reconfiguration is a two-phase project. Phase 1 was planning and design. Phase 2 is implementation. Your Board approved the Phase 2 agreements on May 14, 2013, and implementation is currently underway.

Your Board approved the Phase 1 agreements, including the Planning Funding Agreement, on February 20, 2007. Phase 1 has been completed, and the proposed Second Amendment is to true-up and close out Phase 1.

### The Second Amendment to the Planning Funding Agreement

Under the FCC procedure for Phase 1 Planning, a true-up process was undertaken by the County and Sprint Nextel to determine the actual amount of funding due from Sprint Nextel to the County. The amount of funding previously approved and accepted by your Board for the Planning Funding Agreement was \$442,408.00.

Per the true-up review, the County and Sprint Nextel determined that the total funding to be paid by Sprint Nextel should be \$470,209.50, an increase of \$27,801.50. This increase is due to the cost of labor for performance of additional work by County staff and outside legal counsel for the planning phase. The increase of \$27,801.50 is to be paid by Sprint Nextel and has been approved by both the FCC 800 MHz Transition Administrator and by Sprint Nextel. There is no cost to the County for this amendment.

## **Implementation of Strategic Plan Goals**

The recommended contract amendment supports County Strategic Plan Goal Number 1 for Operational Effectiveness, by providing timely delivery of customer oriented and efficient public services. It will enhance the County radio system for disaster recovery by upgrading its operation to state of the art technology. This recommended action also supports Goal Number 2 for Fiscal Sustainability. The County will be able to upgrade its aged CWIRS radio system without contributing general fund monies.

### **FISCAL IMPACT/FINANCING**

Under the amendment to the Planning Funding Agreement (Attachment I), Sprint Nextel will provide an additional \$27,801.50 over the amount of \$442,408.00 previously approved by your Board. This will bring the new total to be paid by Sprint Nextel for planning funding to \$470,209.50.

The \$27,801.50 is itemized as follows:

Labor costs for County staff to be paid to ISD	\$16,926.50
Legal services to be paid to the County's outside counsel	\$10,875.00
Total	\$27,801.50

Under the FCC order and planning funding agreement, County planning costs are fully reimbursed by Sprint Nextel, requiring no net County cost. The County will receive its cost reimbursement portion directly from Sprint Nextel. Sprint Nextel will pay the legal services portion directly to the County's outside counsel, Shulman, Rogers, Gandal, Pordy & Ecker, P.A.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The FCC uses a Transition Administrator (TA) to administer the 800 MHz re-banding process and review re-banding expenditures for compliance with the FCC order. The TA reviewed and approved this proposed second amendment to the Planning Funding Agreement, and has issued an approval letter to the County for the additional funding of \$27,801.50.

The recommended second amendment has been reviewed and approved as to form by outside counsel, Jeffrey Rubin of Shulman, Rogers, Gandal, Pordy & Ecker, P.A., as well as County Counsel.

### **CONTRACTING PROCESS**

This proposed Second Amendment is a true-up amendment to a Planning Funding Agreement approved by your Board on February 20, 2007.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The County is maintaining existing CWIRS radio functionality during the current implementation period and will continue to do so until users are migrated to the upgraded system. All activity is being coordinated with departments to ensure that there is minimal or no impact on operations. There is no employee impact as a result of the planning funding agreement or other re-banding agreements.

### **CONCLUSION**

Approval of this second amendment to the Planning Funding Agreement will close out Phase 1 and accept additional funding of \$27,801.50 in true-up.

Respectfully submitted,
